ACTIONS

2.0 Minutes of Previous Meetings

Previous Minutes Accepted after a change of name in the AOCB from Duncan to Darren. Amended RAUC minutes resent 29/07/2019.

3.0 HC Roads

Inverness

Planned Works – Surface Dressing 2019/2020 Financial Year

Please see attached appendix 1 for a list of the surface dressing & surfacing works planned in the Inverness area that have been completed and are still ongoing in the Inverness area.

Other Works

Works to be done at Millburn Road for improvements, heading towards the city centre. Will maybe be only a single lane being done but a survey was being carried out today for more information.

Scottish Timber Transport Scheme (STTS) Projects

STTS funding has been obtained for two projects in the Inverness Area:

- 1) Glenmazeran: bridge replacement, safety barrier work and structural road improvements. Works to commence August/September 2019.
- 2) Glen Cannich and A831 Cannich – Struy: drainage improvement works, structural road improvements, road widening and the provision of additional passing places. Works to commence August/September 2019.

A couple of STTS projects are being promoted in L,N,B&S:

- 1) Isle of Eigg
- 2) Balblair, Nairn

Events

Belladrum 1st August – 4th August

Black Isle Show 31st July – 1st August

Both the above events take place on the weekend of the 2nd August. There is already traffic management in place. Alistair requested that preferably there would be no planned works booked for that weekend and Bear confirmed that have nothing in the pipeline.

Lochaber & Badenoch and Strathspey

Surfacing work to commence on 5th August 2019 on the B8007 between Salen and Kilchoan.

Surfacing dressing

No surface dressing due in Lochaber.

Surface dressing in Nairn is dependent on when they get the plant available.

Ross & Cromarty

As with LBS they have limited resources to complete works.

Surface Dressing

They have finished their surface dressing program for this year.

Planned Works

Bealach na Ba – works on laybys are due to be finished September 19
A890 – Achnaseen – Lochcarron patching works to be done

All other work deferred around the Dingwall area.

Caithness & Sutherland

Planned Works

No pressing matters to be raised at this time.

Surface Dressing

Their surface dressing programme has not been finalised yet.

4.0 Street Lighting

Inverness

Please see attached works to be added to appendix 2 for Inverness Street Lighting.

Works 1 – 2 should all be complete soon.

Works 3 - will have 1 lane closure at the roundabout

Works 4 – not started yet

Works 5 – Started today should be finished next week

Works 6 – Still to be addressed

Works 7 – Almost complete

Works 8 – In progress

Works 11 – SGN working there just now so maybe lighting can get in at the same time?

Works 12 – Almost complete

Works 13 – Want to start work asap and will discuss with Alistair.

Works 14 – Still to be inspected

All the old installations requiring refurbishment, no works have been confirmed yet and there is no timescale at the moment.

SGN are doing works on Mackay Road so maybe lighting can work alongside them?
Roddy will discuss with Alex.

5.0 Project Design Unit

A list of PDU Schemes has been attached to appendix 3.

Alistair asked about the works at Castle Wynd and Andrew confirmed they are on course to start works in September 19.

6.0 Trunk Road Issues - Bear (Scotland) Ltd

Planned works are attached to appendix 4 for the North West. Ken will try and get a programme for the North East. (Please see email from Nathan attached in appendix 5).

Nathan asked Ken to pass on an issue that has arisen at Torlundy about works completed by KN. Duncan stated he has already sent in a report to Nathan about the issue.

Mark brought up an issue with contractor Free Flow. He wants all free flow traffic management works to be manned 24/7 in the Lochaber area. Mark discussed the incident where a pedestrian nearly got knocked down as the lights were not working.

Alistair brought up works at Little Kenneth Street in Inverness; the traffic light loop is Bears so if they have any issues following the completion of the surface dressing works to get in touch with HC.

7.0 Planned Works – Utilities:

8.0 Openreach

Duncan MacLennan provided a copy of Openreach's programme of works in Appendix 5. Duncan advised that if anyone had issues/concerns to contact him.

Scottish Water

Darren Pointer provided a list of works which can be found in Appendix 6.

Courtney

No planned works only customer driven at the moment.

Darren

Works at Jenkins Park Fort Augustus – no issues at the moment

B862 – Pumping Station

Inverness – Nairn project – no feedback

A9 footpaths in Brora – Bear raised an issue about the works completed. Darren confirmed all the footpaths have now been redone to the correct standard.

Ongoing works at Fort George

Works in Wick will commence December 19 and Darren has met with Joanne to discuss.

Inverness works discussed before will go ahead in November 19. Works to be done near the school and Darren will discuss with Alistair as they will need road closures.

Ken brought up the flooding in a pub in Thurso. Darren stated they are thinking about raising the kerb level and redoing the footpath. There is a meeting on 22/08/2019 in Perth and Darren will send an invite request to Ken.

9.0 Scottish and Southern Energy (SSE)

No planned works just customer driven and reactive work.

Fiona mentioned works at Fort Augustus has got some complaints – mainly from a B&B. Scottish Water stated they have started works at Jenkins Park in Fort Augustus and they may also get complaints. .

10.0 Scotland Gas Networks (SGN)

Proposed Works

Pipes needs to be replaced outside Jonny Foxes in Inverness. Works will be done in Oct/ Nov. They will need to cross Bank Lane to do these works.

Alistair brought up that a contractor doing works at the old Service Point needs a closure of Bank Lane so maybe SGN can go in at the same time?

Roddy also needs to replace the traffic lights around Bank Lane so they might be able to go in at the same time too.

With Inverness growing SGN need to reinforce Inverness to cope with the demand.

They cannot work on the TRS station at the Sewage plant until works have been agreed for the new proposed carriageway so they plan to do works at Millburn Road instead.

Millburn Road – Bus stop beside KFC up the brae to Raigmore Estate to the primary school. They plan to lay 400m main and have a 1 lane closure.

Culduthel Road – Broken Mains need to be replaced as SSE laid their mains right next to SGN. Due to be replaced September 19.

Ongoing Works

Currently working on Mackay Road and should be finished by the end of the school holidays.

11.0 Scottish Road Works Register (SRWR)

No Issues.

12.0 Public Transport

No planned works at the moment.

Alistair mentioned about works being done by KN on Margaret Street Inverness. Roads need to replace a manhole cover and he is waiting to hear back from Stagecoach as they need to discuss a 4 hour window to complete the works.

13.0 Health and Safety Issues

No new issues to be discussed.

14.0 AOCB

Duncan brought up an issue with the Canal Bridge in Inverness. He asked if it was acceptable to have both bridges closed at the same time. As when he tried to cross this morning both bridges were closed.

Alistair stated he believed 1 bridge should be open at all times to allow emergency services to cross the river, although he has also noticed times where both bridges have been closed.

Nathan Downs sent a response to Alistair to say “The swing bridges are not supposed to be opened simultaneously, and it shall be raised with Caledonian Canals (Operators)”

15.0 Next Meeting

Will take place on 24th October 2019 at 94 Diriebught Road, Inverness, IV2 3QN at 10am.

Subject: RE: RAUC Meeting - Diriebught Road, Inverness

Alastair,

I have been given some points from yesterdays meeting.

Firstly, the North East team don't have much in Highland area, Daytime lights 05/08 – 14/08, then continuous lights 19/08 – 26/08, both at Boat of Garten

The swing bridges are not supposed to be opened simultaneously, and it shall be raised with Caledonian Canals (Operators)

Hope this helps

Regards

Nathan Downs
