All SU's have confirmed who the contacts are.

6.0 Safety & TM Issues

6.1 IJ advised of a SW site at Ovenstone where the contractor was observed working with no legal road closure and also no PPE. CC confirmed The contractor was investigating and awaiting the outcome of the investigation. CC to advise.

6.2 HM raised concerns a re verge molings works on the A92 at Fernie, no agreed network access and concerns at the quality of the work.

6.3 IJ continued to raise concerns re the TM companies working for S.U. submitting TTROs that are not required and also quality of the TM arrangements and submissions. Greater supervision by those employing is required.

6.4 MK also had concerns re safety / implications being ignored and the ramifications that could ensue. He is looking for more discussion on this topic and also more detailed information / feedback.

7.0

Local Issues

7.1 OH raised the issue of prospectively adoptable roads . IJ confirmed such roads are on the gazetteer and as such a notice can be raised against them in compliance with the coordination code of practice (11.2) however, para 11.2.2 states" This code applies to prospective adopted roads just as it does to public roads " the code does not mention that all Codes of Practice apply in the same manner.
