Tony Murray	Glasgow City Council
Mark Huisam	Glasgow City Council
Owen Harte	Virgin Media
Douglas Haughey	Century Link
Jim Cornish	SPEN
Emma West	Scottish Water
Phil Boylan	Scottish Water NRSWA
Fiona Kelly	Scotland Transerv
David Murdoch	Network Rail
Adrian Henzler	Openreach
Graeme Peacock	SGN
Steven Pollock	Deans Civil Engineering
John Steele	MCLH

1 Welcome and Apologies

Tony Murray introduces himself and asks the table to introduce themselves.

Apologies:

Steven Scanlon – Openreach
Gordon Michie – Scottish Water

2 Minutes of Previous Meeting

The minutes were accepted as correct.

3 Matters Arising

No matters arising

4 Programmes

Buchanan Wharf project – Kingston Street and Clyde Place are going through a series of junction replacement works the contractor is dealing with most utilities already but if anyone needing more information please contact GCC or bring queries to next GRAUC – Network Rail are planning some bridge improvement works at Clyde Place and Scotland Transerv will need to look at changing their diversion route.

GCC road maintenance have a list of schemes which will be circulated once planning has been completed.

The EURO 2020 will be coming to Glasgow which will host 4 games. There will be a 4 week embargo put in place for this.

5 West of Scotland RAUC Meeting

No update

6 Coring Programme

George Burr has updates advice note. This may be the last one carried out by the local authority as this may then be handed over to utility companies to carry out their own coring programme. Openreach are currently trialling their own coring programme.

JC

7 Major Events

Scottish Cup Semi Finals at Hampden 13/04/19 and 14/04/19
Race for Life – 19/05/19
Scottish Cup Final – 25/05/19

8 AOCB

C1A Project – Scottish Water thanks Pat Berry and Colin Boyle.

Iron work defects within the city centre have a high number of inspections but no one is accepting them – LA references have been passed if utilities can have a look at these.

SGN works on Kylekin Road must be completed by 1st March 2019 as GCC and Virgin Media are also needing in.

There have been issues with Iona Construction occupying grass verges having no tm putting pedestrians on to the road and vans being parked on footways which is then damaging footways.

SGN have major city centre works for 2019/2020 – asked if they could include Roadworks control as major project.

GCC going through restructure so can't provide updated contacts – these will be provided once we have them.

9 Date of Next Meeting
