1 Welcome and Apologies

Pat Berry welcomes everyone and asks the table to introduce themselves.

Apologies:

Clare Gordon – Scotland Transerv

Robin Berman – SPT

Ian Humphries – Energetics

Karen Davidson – Vodafone

2 Minutes of Previous Meeting

The minutes were accepted as correct.

3 Matters Arising

Please check sites before starting work as there has been a few instances where used needles have been flung down tracks and razor blades have been found to be attached to the back of tm signs.

4 Programmes

Mark Huisman sent out co-ordination report to mailing list.

Virgin Media are working on their 2019 build but have nothing as of yet.

Once companies agree when their works are going to commence a meeting will be arranged.

5 West of Scotland RAUC Meeting

No update.

6 Coring Programme

No update from last meeting.

One more programme to potentially be undertaken before decision is made on whether utilities should do their own.

7 Major Events

Mark Huisman sent list of major events within the city to mailing list. Christmas embargo start 3rd December 2018 until 7th January 2019

8 AOCB

Scotland Transerv have major resurfacing work on M898 from 8pm Friday 30th November until 6am Monday 3rd December.

SGN to have a discussion with Pat at the end of the meeting as there are tobies on the register which are not being accepted – Cambridge Street and Hill Street.

Virgin Media have had a substantial amount of early starts recently – please remember the commissioner is monitoring agreements.

Network Rail to have a discussion with Pat at the end of the meeting regarding Darnley Road.

Scottish Water also to have a discussion with Pat at the end of the meeting as traffic management companies have been leaving traffic management on major routes when works have been completed.

9 Date of Next Meeting

The next meeting will be held on Wednesday 13th February 2019.
